Dear Friends,

In December of 1991 the Lord gave me a dream in which I was to coin a new phrase, "Holy Nutrition," and the scripture from I Peter 1:16 was given, "Be ye holy as I am holy," a quote from Leviticus 11 on diet. He then led me into a renewed interest in Aloe Vera, one of the herbs that I've used successfully for years, but because of new research into its healing properties, and new processing methods, has become even more dramatic in its healing ability.

The Lord then impressed me to produce a tape for His body about Aloe Vera which I am making available to those who request it, now available in MP3 or CD.

The first side is an M.D. interviewing many people who have been helped. The second 45 minutes is myself, giving some revelations, dreams, and truths that the Lord has given to me, plus my testimony, and several others here in the Columbus area.

As the listeners of my radio ministry know, I have been teaching and ministering in the realm of natural healing as well as the supernatural for many years, and have seen wonderful success and victories over many illnesses and infirmities. The Lord has given us herbs for our natural healing which have been used very successfully since Adam, and still remain as wonderful as when He first created them for us.

Aloe Vera is a well known plant that you very possibly have in your home, and has been known for centuries as the "Burn Plant," "Medicine Plant," and "Miracle Plant." Now, because of a scientific breakthrough in understanding more of what elements in this wonderful God given herb are responsible for its outstanding healing properties, it is now available in a powerful concentrate for internal use; as well as in a jelly, rubs, and creams which are wonderful for external use.

As you know, many products don't perform, and many are actually harmful. These Aloe Vera products are great, and doesn't it seem reasonable to use products that not only work, but also bring healing to other parts of the body naturally as well?

The reason why they are so effective is because of a new process that uses the whole leaf, not just the internal gel. As fruits and vegetables usually have most of the vitamins and minerals just under the skin, so it is with Aloe Vera. However, because of undesirable substances there also, which were put there by God to protect the plant, the method used for years was to fillet the leaf and discard the outer rind. Now, with new knowledge, it is possible to use the whole leaf and filter out the undesired elements and end up with a much more potent and healing product, which can be concentrated.

Since my wife Dulce and I have both been given a passion for healing, and our calling as servants of His is to heal the sick, the Lord has directed by His Scriptures, and now His Spirit and His prophetic Word, to help God's people to heal themselves by utilizing His creative wonders. And this one is fantastic!

I experienced an increase in energy within 24 hours, and my wife within 48. But the best thing among others is that it has normalized my blood sugar in such a way that I do not fall asleep during my night watches as before. This alone is worth many times more than all the time and energy and money that I spent seeking this blessing – watchful prayer! It also helped my allergies, sinuses, and after taking one ounce per day for about five months, my chronic bursitis left me. And neither of us have had the flu since '92. Some time ago I developed Vertigo, which after prayer and study, came to understand that this was from an inner ear infection that an out-of-state physician was having success with using antibiotics put into the inner ear. Rather than

spend the time and expense for that treatment, I sought the Lord for a specific remedy, and He gave me a prescription and testimony that is in my book. I took 2 ounces per day of our Aloe Vera concentrate and some other regular nutrients which the Lord directed, and I was healed. Years later when I was attacked with Vertigo again, the same prescription from the Lord worked quickly! Praise the Lord!

I use it for other conditions as well, but let me list some of the usual uses for Aloe Vera for which it has been used successfully for centuries.

Burns, scalds, scrapes, high & low blood sugar, which means diabetes and hypoglycemia, high blood pressure, cholesterol, and triglycerides, fatigue, ulcers, both internally and externally, and skin conditions of many kinds such as eczema, psoriasis, acne, and rashes, poison ivy and the like, insect bites, bruises, cuts, moles, warts, and various infections. Insomnia, arthritis, bursitis, carpal tunnel syndrome, hemorrhoids, Lyme disease, menstrual cramps, scar removal, varicose veins, weight loss, cancer, allergy, asthma, eye, ear, nose, and throat infections, esophagitis, digestion, inflammations, infections, and many disorders of both the small and large intestines, such as Crohn's disease, elimination problems such as constipation and diarrhea, influenza and other viral conditions, Candida yeast, heart, lung, and liver disease, and many other things are helped if not entirely healed. It is simply GREAT!

It builds the immune system!

And now, since 1994, we have been led to make available the same highest quality at greatly reduced prices, by direct distribution under our own label, "Manna From Heaven" Whole Leaf Aloe Vera Concentrate.

So, let us know what you would like, and we'll be happy to serve you.

Sincerely yours in Christ for the health of His body!

John & Dulce Rothacker
