

Low energy?

Easily distracted?

Sleep problems?

TRY Q-LINK.

With almost 1,000,000 sold worldwide, Q-Link is the most advanced personal energy system available today. A quarter-century of frontier research has led to the birth of Q-Link, a sleek pendant that tunes your being for optimal living: More energy, less stress, greater focus, and enhanced well-being. No matter what you do, the Q-Link simply helps you feel better and gives you a creative edge by helping harmonize your mind and body.

Q·LINK™

MORE ENERGY
LESS STRESS
GREATER FOCUS
IMPROVED WELL-BEING

**HOW CAN SOMETHING
SO SMALL DO SO MUCH?**

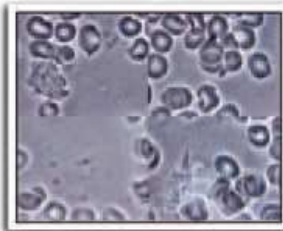

Backed by a Quarter-Century of Research

Q-Link's SRT™ technology was developed in collaboration with scientists at Stanford University and conducted at the University of California Irvine, Imperial College London, University of Vienna's Institutes of Cancer and of Environmental Health. Independent clinics have also confirmed Q-Link's effectiveness. Research published in medical journals includes EEG brain wave studies, cellular studies on blood, stress tolerance of human tissue cells, plus stress studies on virtually all areas of the body.

WHAT ARE THE EFFECTS OF Q-LINK ON THE BLOOD?

In two separate live blood microscopy studies conducted by microbiologist Robert Young, PhD, live and dried blood tests were used to test for disturbances in the blood morphology. Results suggested that the Q-Link pendant helps to mediate the effects of stress by enhancing both the blood terrain and the integrity of human blood cells. Thus, significant improvements in blood morphology are seen with the Q-Link pendant. The following are 4-panel microscopy images of blood morphology in a subject before and 72 hours after wearing the Q-Link:

We are all surrounded by a protective field of energy (the "Biofield") critical to overall well-being. If your biofield is out of tune, stresses can hit you full force, causing fatigue, anxiety, depression, unclear thinking, and serious disease. In today's fast-paced, high-tech world, it's easy for your Biofield to weaken, decreasing its ability to protect you.

**Q-Link uses third-generation
Sympathetic Resonance Technology™
(SRT-3) to keep your biofield strong**

Only a strong Biofield can provide the resilience
you need to screen out harmful stress.

*Q-Link's SRT-3™ technology is powered
by your body's own electrical energy.
It never needs to be recharged.*

Q-LINK BENEFITS:

- More Energy and Mental Clarity
- Less Stress
- Better Sleep
- Enhanced Stamina and Endurance
- Improved Well-Being

HOW DOES Q-LINK WORK?

At the core of the Q-Link is Sympathetic Resonance Technology (SRT™). SRT works like a tuning fork to help rebalance the body's natural energy field (or biofield), strengthening the body's resilience and resistance to the effects of stress. Any kind of stress - emotional, physical and EMF (electromagnetic frequencies) from computers, cell phones and other work or home electronics.

WHAT IS A BIOFIELD?

The biofield, as it is called by the US National Institutes of Health (NIH), is an ensemble or matrix of different energies that extend outward from each person's body. A strong biofield not only supports and nourishes the body, but also strengthens a person's ability to cope with stress. Q-Link is proven to strengthen the body's biofield.

Q-Link technology has been scientifically demonstrated to enhance the body's ability to protect itself ... and it removes some of the blocks to inner transformation ... and healthier states of being.

Lawrence Richards

Chronic Fatigue ANF Fibromyalgia support group

"I sleep better, am more rested upon waking and think more clearly ..."

Joseph Angleitner

Health Practitioner, Washington, D.C.

"I have tested Q-Link ... against computer screens, cellular telephones. It has not failed to produce positive results."

Mark Calcavecchia

16 professional victories, 4 time Ryder Cup Member, set PGA TOUR scoring record 5 days after putting a Q-Link on.

"With the Q-Link I believe I get that extra edge that enables me to keep up with these young guys [on the PGA Tour]. I just won the Canadian Open a month ago, wearing the Q-link, and I honestly believe I would not have won that tournament if I had not been wearing it."

Katherine Roberts

Author of Yoga for Golfers, and fitness instructor to touring professional golfers

"What I see in people is that the Q-Link helps them to be more relaxed so that they can learn how to breathe and just calm down. It enables them to let go of the triple bogey they just had on the hole before, or not be so concerned with the next shot that they're going to have to hit over water. It just helps you stay calm and be very present. Q-Link will help lower your golf score by quieting the mind, relaxing the body and making sure that you're tension free."

From the Journal of Alternative and Complementary Medicine:

"The SRT in the Q-Link Pendant protects against stress from ... EM fields and possibly also chemical toxins ..."

Feel strong, calm and centered

*despite your fast-paced,
high-tech life*

WEAR Q-LINK AROUND YOUR NECK, hanging at the center of your chest. Use the cord provided, or any type of chain. Q-Link can be worn inside or outside your clothing. It's waterproof so you can even swim or shower with it on.

THEN, EXPERIENCE WHAT HAPPENS ...

- World-class athletes testify that they compete better
- Students say they focus better
- Virtually everyone reports better emotional balance, more energy, less stress, and better sleep

YOU MAY FEEL DIFFERENT IMMEDIATELY.

Most people experience improvements within 30 days. Even if you don't notice a difference, FDA-registered Biomeridian Stress Testing documents that Q-Link is still constantly strengthening your resistance to the negative effects of stress.

- A cell containing a proprietary formula of pure crystalline elements strengthens your Biofield.
- SRT-3™ tunes the cell's vibrations for your Biofield
- Copper amplifies Q-Link to tune your entire Biofield
- 100% waterproof casing seals in the science.

Q-Link's power lasts a lifetime.

The Q-Link pendant is available in a variety of styles, sporty to elegant.

Try any Q-Link for 3 months, absolutely **RISK-FREE**. If you do not feel Q-Link improves your focus, energy, or well-being, simply return it for a full refund.
